

Team ID	PNT2022TMID52849
Project Name	Personal assistance for seniors who are self reliant
Sprint	Sprint 4

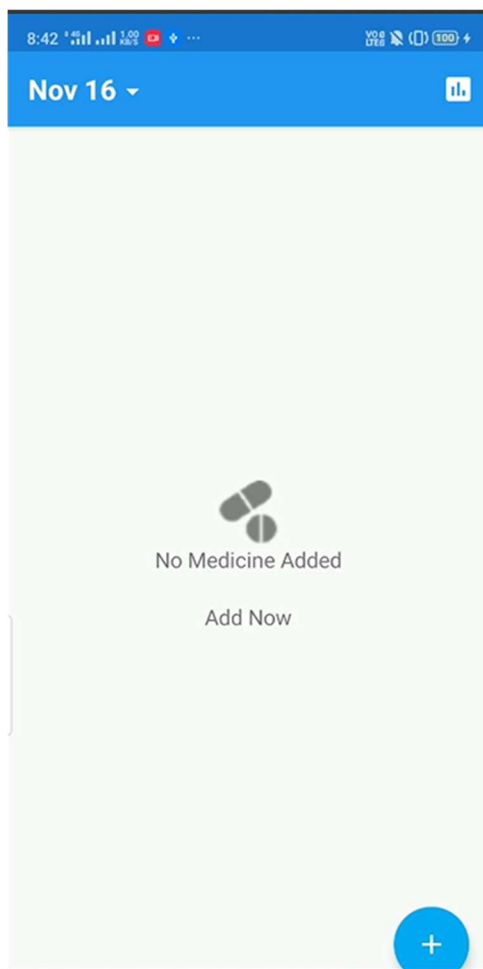

REQUIRED SOFTWARES:

MIT App Inventor

In the sprint 4 the app is created with text to speech services and It is used to remind users to take medicine on time.

The app Reads out the name of the alarm until the user clicks that he/she had the medicine, It also reads out the name of the medicine to take.
