

<b>PROJECT TITLE</b>	Personal assistance for seniors who are self-reliant
<b>TEAM ID</b>	PNT2022TMID52849
<b>TITLE</b>	<b>Creating A Nodered Service</b>

The screenshot displays the Node-RED web interface in a browser. The address bar shows the URL `127.0.0.1:1880/#flow/ac646cb69b3e5220`. The interface includes a left sidebar with a node palette containing 'common' and 'function' categories. The main workspace, titled 'Flow 1', contains a flow with two nodes: a blue 'Hello Nodered' node and a green 'Message payload' node, connected by a wire. The right sidebar features a 'debug' panel showing a log entry for 'node: Message payload' with the message `msg.payload : string[12]` and the value `"Hello Team 5"`. The top of the interface has a dark header with the Node-RED logo and a 'Deploy' button.
